Review of Travel Goodtime Tours - [Click to view BBB Business Profile](#)

Original Review:

I have travelled with Travel Goodtime Tours a few times and will continue to do so. Peter tries to please all his customers and always sets us up with great tour guides who have a great wealth of knowledge. Peter has a sense of humour and likes to tell jokes to keep us all entertained. This is an informal relaxed atmosphere and it feels like a family when you travel with him, single travellers no need to feel alone with Travel Goodtime family. The bus is comfortable and has air conditioning. We stop every 2-2.5 hours along the way. The bus driver is professional and friendly, always trying to accommodate customers requests when he can. My mom frequently travels with Peter, our tour director and owner of Travel Goodtime Tour, and now my husband and I started travelling with him. We just came back from his Cape Cod and Boston trip. We highly recommend it! Its nice to not have to worry about anything as all the excursions and tours are already booked, and hotel already booked, just go and relax and enjoy! I am recommending Travel Goodtime Tours to my friends and work colleagues.
