Hi Krystal, I wanted to write to Peter but not sure a letter would reach him before his next trip. Will you please show him this thanks, Anne-Lise

We want to let you know we enjoyed both the Canada East trip and the Washington DC trip very much. These are places we have wanted to see but would not have if not for your bus tours. With you doing the planning and arranging and Dominic getting us all from here to there and all over the place safely it made it relaxing for us.

Hats off to you both,

Safe travels and good health on your many upcoming tours!

Burlington.

P.s. Heinz & I are both wondering why you were calling Heinz a "Newfie" on this trip?
