Hi Peter

I certainly enjoyed the trip to Chicago. It is a very beautiful and interesting city. One of the highlights for me was the architectural river cruise. Your tips on where to eat and what to see were very accurate and appreciated and the whole thing was great value for the dollars spent. Your preparation work and years of experience paid off in a very smooth and well organized trip, especially coming back across the border. That saved up half an hour at least! I was home by 9:30 - earlier than I expected to be. Domenic was a skilled and experience driver and I could relax and enjoy the drive knowing that the bus was in good hands. I would certainly recommend Travel Good Times Tour to my friends.

Many Thanks
